

OFFICIALS VISIT

The district superintendent of the Postal Telegraph Company, C. W. Wheeler, of Jacksonville, and L. T. Pearson, also of Jacksonville, president of the American Communications Association, affiliated with the C.I.O., representing telegraph employees, spent several hours in Belle Glade last week. They were enroute to Ft. Myers and consulted with R. K. Harris, manager of the local office.

HELD IN JAIL

Julian McBuffie, of Clewiston, was held in jail at Belle Glade this week following an altercation Sunday afternoon at Lake Harbor in which Ernest Waldrop was stabbed in the stomach. Deputy Sheriff John Kirk made the arrest and charged the defendant with assault with intent to kill. Waldrop is in Everglades Memorial Hospital, the officer said.

Scout Drive Opens Monday Morning

Plans have been completed for a Boy Scout fund raising drive to start in the Lake Okechobee region Monday morning and continue until \$500 in cash has been raised to carry on Scout activities during the coming year. George Kingley, of Canal Point, is general chairman of the drive and has named committeemen in each town to take care of the work. In Canal Point Albert Friend, Jack Barrett, Demp McClelland, T. C. Weeks and J. S. Harrington will attempt to raise their allotment. In Pahokee Mayor John Dutary and Inman Weeks, assisted by others to be chosen by them, will do the soliciting. In Belle Glade Jay Jameson, Lou Betzer and Arthur Wells are the committeemen. The amount allotted to the Lake region is a very small percentage of the entire amount to be raised to carry on activities of the Gulf-stream council during the coming year. Officials of the council are

making a determined effort to raise \$3,000 for the year's work. TO US THEY COME TO us they come, These lads—alert, affable with eagerness to live The Scouting life. Ours is the chance to give. TO us they look As counselor and friend. From us they seek to gain New goals and hopes. They must not seek in vain. TO us they give. In trust and faith secure, Their very heart and soul; And ask of us That we but point the goal. GOD grant that we, Given this human clay To shape as sculptor might, May have the power To guide our hands aright. GOD grant us sight To so perform our task That when we turn away, I, No ill-formed mass Remains of this, our clay. GOD grant us souls, This wondrous task to fire, That from our hearts pour out That which will make This boy, a man—a Scout. Robert E. Wilkinson

THE Everlasting ROAD MATERIAL LIMEROCK

How To Reduce Future Taxes

With future taxes promising to reach forbidding heights, here's one way to reduce the tax-burden for yourself and your children in years to come... Insist that all new roads built in your part of the state have a Limerock-base. ★ As a road base material Limerock is Florida's great tax-saver because it is everlasting. The cost of Limerock-base highways is lower than that of any other so-called permanent-type pavement... far lower, in the long run, than temporary hard-surfacing because there is no costly replacement problem every few years. ★ No properly-laid Limerock-base road in Florida has ever required replacement. When the all-weather, non-skid surface wears out after many years of use it is simple and very inexpensive to apply a new surface. It takes fewer tax-dollars to maintain Limerock-base roads in perfect condition. ★ Only Limerock offers real, long-range economy in road-building. ★ Limerock-base is the life of a good highway... everlasting, resilient, indestructible. Limerock-base roads are unsurpassed for smooth riding-comfort. Insist on Limerock-base highways and reduce your future taxes.

LIMEROCK Association
of Florida, Inc. OCALA FLORIDA

Road 29 Surfaced On West Side Lake

The surfacing of the first section of Road 29 from Wise's Corner to Lakeport was completed last Friday and part of the equipment of Ebenhaiah Construction Company, contractors on the road left over the week-end for a new project. A portion of the crew will remain, however, for at least thirty days for maintenance of the project before it is taken over by the state.

Very little change was made in the grade at any point, most of the preliminary work being the cleaning of ditches, building of some new ditches, filling of low places to bring the road to a uniform grade. Several new pipe culverts were placed, one concrete cattle guard at the Shadblow place and one concrete bridge across the opening to government culvert No. 5A near the north side of Nicodemus Slough. Base material used was native marl which was secured from borrow pits furnished by the county at easily accessible points near the highway.

H. E. Lewis, project engineer for the state, estimates that he and his engineering crew will be here for another six weeks to supervise work on shoulders and ditches and other things preparatory to final acceptance by the state.—Moore Haven Democrat.

And what will be the outcome of the discussions concerning farm relief? When all is said and done, it still takes money to lift the mortgage on the old farmstead.

New Church Opens Sunday, March 12

The new building to be occupied by the Canal Point Baptists will be used for church services for the first time on Sunday, March 12, according to an announcement made this week by the pastor, Rev. S. B. Jordan. A cordial invitation is extended by the pastor and the congregation to the public to attend the opening day services.

Building of the new church was started several months ago and several obstacles have been overcome by the congregation to bring the building to the place where it can be used for services. Though not completed, officers of the church are hopeful that finishing touches can be added ere the passing of many months. For the past ten months the congregation has labored diligently to erect fine new home in Canal Point.

Rev. Jordan stated this that a special program be the occasion is being arranged a special committee. Special day will be rendered along the specialty planned service the day, it was pointed out by Jordan.

J. T. Kirby of West Palm Beach is visiting at the home of his aunt, Mrs. H. E. Jones.

Mrs. Lewis Friedman of New York City is a house guest of her son, Joe Friedman, and family, who came to spend some time in the Mayflower Hotel in Palm Beach before returning to her home in the north.

Mrs. C. E. Tiedler, Mrs. F. E. Howard, Mrs. L. E. Evans, Mrs. H. R. Collins, Mrs. George Davis, Mrs. V. C. Lander, Mrs. Hubbs Bruce and Mrs. H. E. Jones, all members of the WMU enjoyed an exciting and fish fry at Port Mayaca last Wednesday.

The Rev. and Mrs. W. L. Head, who are holding evangelistic services at the Baptist Church here, accompanied by the Rev. and Mrs. Mary Marion Semelle, motored last week to Pahokee where Mr. Head made a talk at the chapel exercises of the Pahokee High School.

Mr. and Mrs. W. W. McCurdy, assisted by John At McCurdy of South Bay, have returned from Georgia where they were called by the death of Mr. McCurdy's mother. During their parents' absence, Norma McCurdy was a house guest of Mr. and Mrs. Shelby Connell, while Charles Simpson and Willard were guests of their aunt and uncle, Mr. and Mrs. Roy Norman, of Lake Harbor.

Mrs. Jean Van Horn recently returned from an extended tour of California and Ohio and a visit with her sister at Atlee, Va., has just returned for a few days to look after business interests.

Mrs. G. W. Lewis of Lake Worth and Hialeah is visiting her daughter, Mrs. W. L. Cunningham and family.

A trip to the sugar house at George Wiggins was taken by the seventh, eighth and ninth grades on Thursday.

Helen Jones, daughter of Mr. and Mrs. H. E. Jones, has been confined to her bed this week on account of illness.

Mr. and Mrs. Ralph Freeman left Wednesday for a few days' visit in Miami.

G. C. Cook and son, James, of LaBelle, visited his daughter, Miss Nellie Cook the last of the week. Mrs. J. W. Rashley is convalescing from a week's confinement to her bed on account of bronchitis.

Layden Williams, brother of George Wiggins, was taken to George Wiggins hospital the last of the week suffering from an attack of appendicitis.

Mrs. and Mrs. Benedict, Mrs. Drexler and son Richard, of Madison, Wis., are house guests of Mrs. Drexler's daughter and husband, Dr. and Mrs. Boyd.

Mr. and Mrs. Jay Smith, Mr. and Mrs. Paul Smith and Zerk Smith spent the evening and morning at Liberty Point Sunday.

Mrs. Abbie Woodward and Carl Woodward were last and hostess at a party given in honor of Miss Maxine Woodward Tuesday evening at the Woman's Club building, in memory, Miss Woodward's birthday anniversary.

A huge birthday cake was cut and served by the hostess while the birthday served punch to the guests during the course of the evening. Dancing also took place.

Those attending the event were: Miss Maxine Woodward, Mrs. Woodward, Mrs. O. K. Jones, Mrs. Sally Lloyd, Mrs. Elsie Howington, Miss Vivian Knight, Miss Jamie Powell, Mr. and Mrs. G. D. Kirkland, Mr. and Mrs. Hubbs Bruce, Mr. and Mrs. L. L. Alsbaugh, Mr. and Mrs. K. E. Lutz, Miss Clara Belle Morris, Miss Lorraine Armstrong, Miss Carolyn Whitfield, Miss Doris Hudson, Miss Pauline Paul, Mr. and Mrs. Frank Doolley, Carl Kirchman, Bill Denmark, August Kirchman, Betty Lutz, Thomas Creech, Martin Dunn, S. R. Carter, Buford Prescott, Miss Helen Woodward, Guy Hunt, Homer Adams and Tommie Parker.

CLEANINGS—

Continued from Page 1

way to success in this particular field has thus been pointed out. Personal visitation and the religious training of youngsters can continue to be a primary force for the betterment of this community. But, education for temporary inhabitants of school age is sadly neglected. True, they are transient, not real residents of Belle Glade, nor taxpayers of this area. But, my friends, they are American citizens, born with the same rights and privileges of our nation's heritage. They are deserving of opportunities and help. State laws do not necessarily make attendance of any school for education. Let us cite an example of a better way.

In Denver, there is established a school for less fortunate children of school age who are not kept or interested in formal education. They are taught to use their hands and allowed to participate in activities that are interesting to them. Through the gradual introduction of written orders for material, computation of distances by figures and other forms of basic education, these children are taught writing, arithmetic and other forms of necessary usefulness. And the school has a creed. It is: "Unlimited faith in the capacity of every normal human being; if given a fighting chance, to become a self-maintaining, self-respecting, happy member of society."

A verse of understanding and human sympathy that almost requires an "Amen."
